

BIG TWIN FALLS
DEAL SUCCEEDS

All Obstacles Are Brushed Aside by Principals in the Negotiations.

NEW OFFICERS AGREED ON

GREAT WORK BLOCKED OUT FOR SNAKE RIVER VALLEY.

Obstacles that seemed for a time to make success an impossibility have been overcome and the big Twin Falls bond deal has been put through along the lines originally mapped out. Some days ago the information was given out that the deal had failed because of the inability of the Chicago bond house of Trowbridge & Niver to raise the capital needed. This report was based upon a hint that had arisen. Later everything was straightened out, and yesterday the official information was given out in this city that the deal had gone through and that the work at Twin Falls on both sides of the Snake river would be pushed with the utmost vigor.

Milner Now Heads Company.

Purchase by S. B. Milner, I. B. Perrine and their associates of the interest in this great Idaho proposition formerly held by the Buhl-Kimberly syndicate formed the basis for the deal just closed. Practically \$3,000,000 was involved in the negotiations. Bonds to the value of \$1,500,000 are to be taken up at once. Work on the north side of the Snake river is to be done at a cost of \$2,500,000, making the total cost of the entire Twin Falls irrigation scheme \$4,000,000. Under the reorganization the following will be the officers of the company: President, S. B. Milner of Salt Lake City; first vice president, Samuel Hayes of Boise, Ida.; second vice president, I. B. Perrine of Blue Lake, Ida.; engineer and general manager, R. W. Ferris of Boise, Ida.; secretary, M. B. Delong of Twin Falls, Ida.; treasurer, R. D. Madsen of Chicago, Ill.

Work Now Mapped Out.

A meeting for the purpose of reorganization will be held Feb. 6. Work on the south side of the Snake river will be started not later than April 15, and work on the north side of the river will follow immediately. Several hundred miles of canals will be dug and three large reservoirs will be built. Over 200,000 acres of land will be irrigated on the north side of the river, making the total tract approximately 500,000 acres. Fillings have been made upon the waters of the Snake high enough to insure an abundant supply for all time.

It is also the intention of the company to establish a new townsite to be known as Buhl, April 1. This will be located fourteen miles west of Twin Falls. The railroad will be built to this point at once and all the conveniences of a modern town will be established. Buhl will be the trading center for a tract of 80,000 acres of splendid agricultural land.

BRIGHAM CITY BANK SOLD

Ogden Men Get Control of Box Elder Financial Institution.

(Special to The Herald.) Ogden, Jan. 31.—Announcement was made here today to the effect that the Bank of Brigham City has been purchased by a corporation consisting of a number of financial men of Box Elder County and Ogden. The bank, which has been controlled by private individuals heretofore, will have a capital of \$40,000. The deal was practically closed with the close of last year and change becomes effective today. The officers of the new bank are: David Eccles, president; M. S. Browning and J. L. Fishburn, vice presidents, and James Halverson, formerly cashier of the Ogden State bank and city treasurer of Ogden, cashier.

METEOROLOGICAL REPORT.

Yesterday's Record at the Local Office of the Weather Bureau.

Maximum temperature, 26 degrees; minimum temperature, 23 degrees; mean temperature, 24 degrees, which is 3 degrees below the normal; accumulated excess of temperature since the first of the month, 22 degrees; accumulated excess of temperature since Jan. 1, 22 degrees. Total precipitation from 6 p. m. to 6 p. m., trace; accumulated deficiency of precipitation since the first of the month, 1.5 inch; accumulated deficiency of precipitation since Jan. 1, .25 inch.

OVER SEA HABIT

Difference on This Side the Water.

The persistent effect upon the heart of caffeine in coffee cannot but result in the gravest conditions, in time.

Each attack of the drug (and that means each cup of coffee) weakens the organ a little more, and the end is almost a matter of mathematical demonstration. A lady writes from a western state:

"I am of German descent and it was natural that I should learn at a very early age to drink coffee. Until I was 23 years old I drank scarcely anything else at my meals.

"A few years ago I began to be affected by a steadily increasing nervousness, which eventually developed into a distressing heart trouble that made me very weak and miserable. Then, some three years ago, was added asthma in its worst form. My sufferings from these things can be better imagined than described.

"During all this time my husband realized more fully than I did that coffee was injurious to me, and made every effort to make me give it up. Finally it was decided a few months ago, to quit the use of coffee absolutely, and to adopt Postum Food Coffee as our hot table drink. I had but little idea that it would help me, but contented to try it to please my husband. I prepared it very carefully, exactly according to directions, and was delighted with its delicious flavor and refreshing qualities.

"Just as soon as the poison from the coffee had time to get out of my system the nutritive properties of the Postum began to build me up, and I am now fully recovered from all my nervousness, heart trouble and asthma. I gladly acknowledge that now, for the first time in years, I enjoy perfect health, and that I owe it all to Postum." Name given by Postum Co., Battle Creek, Mich.

There's a reason. Read the little book, "The Road to Wellville" in pkgs. Postum Food Coffee contains no drugs of any description whatsoever.

PRODUCERS NOT
EQUAL TO DEMAND

Producers of Iron and Steel Not Able to Keep Pace With the Enormous Consumption.

MILLS RUN CONTINUOUSLY

HEAVY SHIPMENTS TO FOREIGN COUNTRIES.

New York, Jan. 31.—The Iron Age tomorrow will say: "Consumption is proceeding at an enormous rate, and it is believed that the majority of producers of finished iron and steel are very much in the position of the United States Steel corporation with its orders of 7,000,000 tons. Makers in nearly all branches of the finished iron and steel industry are endeavoring to enter the spring season, and that the stocks of tube, tin plate and sheet makers at a low ebb.

Enormous Production.

"Favored by open weather, production is proceeding at an enormous rate. Some mills have been running night along to catch up, but Sunday productive work is to be stopped. While nothing of special moment has developed in the pig iron trade, and the central west is rather quiet, the volume of current business is good, with inquiries at hand for the second half of the year.

"Sales of steel rails during the week aggregate about 30,000 tons, about 28,000 tons being for running rails and 2,000 tons additional for the Southern Pacific; 12,000 tons for a trolley system at Los Angeles; 8,000 tons for the Central Illinois Construction company, with 5,000 tons additional for the Atlantic City railroad and 3,300 tons for a Utah trolley system.

Building Boom Continues.

"The structural trade is facing a bright future. It is estimated that 20,000 tons of steel will be required for buildings now planned in New York, and reports of a heavy amount of work in sight come from other centers.

"Building contractors are putting in their orders. Thus far this week one contract involving from 15,000 to 18,000 tons was placed in this city for delivery during the first half of the year. An interesting order is one for 20,000 tons of steel for a southern sawmill.

"Reports from foreign markets, so far as steel and finished products are concerned, are uniformly good, and the demands upon American makers are heavy. Shipments to foreign countries during 1905 by the United States Steel corporation aggregated 1,053,000 tons."

MARSHALL FIELD'S ESTATE

Executors File a Petition in Which They Place Value of Property in Illinois at \$75,000,000.

Chicago, Jan. 31.—The petition of the executors of the estate of the late Marshall Field asking that his will be admitted to probate was filed here today with the clerk of the probate court.

In the petition the executors declare that they are unable at the present time to state the full amount of the property owned in Illinois by Mr. Field, but they feel warranted in saying that the personal estate of the late Marshall Field, as of the real estate about \$25,000,000.

The executors declare that they are willing to accept and undertake the trust of the estate of the late Marshall Field, and ask that the hearing of the petition be set for Feb. 21, or as soon thereafter as the matter can be heard.

Besides the amount given by the executors as the value of the estate in Illinois, Mr. Field was a large holder of property in New York, and the corporation of Marshall Field & Co. has many factories and business in Europe and Asia, the value of which is not estimated by the executors, giving the value of the estate to the court.

KING WAS CHARITABLE.

Small Fortune Left by the Late Monarch of Denmark.

Copenhagen, Jan. 31.—The body of King Christian was today placed in a plain casket lined with swansdown and covered with black silk. It lies tonight in the apartment of the Amalienborg palace known as the "garden room," to which it was removed last night in a funeral procession.

Only a few physicians were present when the body was removed from the bed to the casket, following the service at which most of the members of the royal family were present. Great banks of flowers and wreaths line the hall, which is guarded by the king's adjutants. No official announcement regarding the date of the funeral has yet been given out.

It is stated that King Christian left only a small fortune, amounting probably to less than \$500,000. The king was exceedingly charitable and gave large sums of money for the relief of the poor and to deserving institutions.

King Frederick has issued a decree of amnesty, releasing many offenders.

HEAD-ON COLLISION.

Schneetday, N. Y., Jan. 31.—A Delaware and Hudson local passenger train collided head-on with a work train four miles west of this city today. One Italian laborer was killed and two passengers suffered probably fatal injuries. All of the sixty passengers suffered slight injuries.

MOTION FOR NEW TRIAL.

New York, Jan. 31.—Notice of a motion for a new trial in the case of Albert T. Patrick on the grounds of newly discovered evidence was served late today on the district attorney. The motion is returnable Feb. 8.

Ransted, lots 6 and 7, block 2, Highland Park. William Anderson to Swen L. Johnson, lots 5 etc., block 3, Highland park.

SMALL CHANCE
FOR AGREEMENT

Miners in Central Competitive District Have Demanded an Increase of Wages.

OPERATORS NOT WILLING

DEADLOCK IN JOINT SCALE COMMITTEE.

Indianapolis, Jan. 31.—John Mitchell, president of the United Mine Workers of America, addressing the joint scale committee of the central competitive district, today, said:

"There must be an increase in wages or there will be no agreement." In delivering his ultimatum today to the operators, President Mitchell did not mention any percentage of increase. It is generally recognized that his statement is backed by the almost unanimous sentiment of the miners' delegates, and that the minimum increase that would be accepted without a struggle will be the 5 per cent which was the amount of the decrease in wages two years ago.

Compelled to Stop Work.

President Mitchell also made a declaration to the joint scale committee from the southwestern district. It was in reply to J. C. Tarsney, an operator, who had said that on account of the existing wage scale he had been compelled to stop operations entirely on one of his properties, and if there was an increase in wages the miners might as well wipe his property off the earth, as he could not afford to operate it.

Mr. Mitchell declared that so far as his influence extended with the miners' union, and so long as he could prevent it, the standard of conditions enjoyed by the miners at present would never be lowered.

Will Stand Pat.

The operators decided in their caucus to "stand pat." P. L. Robbins of Pittsburg, leader of the operators, said:

"I stand positively and determinedly against any advance whatever. There is nothing to warrant it." With this declaration and an assurance by the operators of the southwestern district that they would stand by the operators of the central competitive district, the caucus adjourned.

"We will not grant one mill a ton advance directly or indirectly," said an operator after the meeting.

SEWING MACHINE BARGAINS

real ones, at Singer Stores. Buy here and deal with the manufacturers. The Singer Company is permanent and responsible; its representatives are always at hand to care for Singer Machines. Look for the red S. 43 South Main street, Salt Lake City, Utah.

JUMPED AND RAN.

Seattle Woman Surprised a Burglar and Nearly Caught Him.

Seattle, Wash., Jan. 31.—While a cord of women, some of them armed with revolvers, surrounded the house, a nifty burglar was forced last night to leap from the second story of the residence of Rev. J. M. Denison, Queen Anne avenue, just as the dog of one of the neighbors had started growling up the stairs to rout the thief from his place of hiding.

As the burglar leaped from the window to the ground, Mrs. Mary Haines shot at him and, it is believed, hit him. He escaped in the darkness. Thirty minutes later Patrolman Looker arrived at the Denison home, but then the miscreant had succeeded in getting away and left no clue by which he could be followed.

Double Track.

The Chicago & Northwestern is the only line double tracked Missouri river to Chicago, and maintains the fastest service between Omaha and the city at the head of the lakes.

In connection with the Union Pacific, three daily trains run through solid to Chicago. For information consult C. A. Walker, general agent, 33 West 24 St. street, Salt Lake City.

CALHOUN COLLECTED
NECESSARY EVIDENCE

Washington, Jan. 31.—Secretary Root was today in conference with W. J. Calhoun, the president's special commissioner, charged with the investigation of the merits of the claim of the New York & Bermuda Asphalt company against Venezuela, as well as of other American claims. It is believed that Mr. Calhoun has succeeded in collecting the material necessary to enable the state department to arrive at a decision upon the facts upon which it can now proceed to deal diplomatically with the Venezuelan government.

CALIFORNIA EXCURSION.

\$33.00 Los Angeles and return. Elks' special leaves midnight, Feb. 10th. See secretary B. P. O. E., No. 55, Salt Lake.

BRITISH CABINET MEETS.

London, Jan. 31.—The cabinet at noon today held in the foreign office its first meeting since the general elections. The premier, Sir Henry Campbell-Bannerman, presided. The draft of the king's speech at the opening of the parliament and the legislative programme for the session were discussed.

Salt Lake Photo. Supply Co. Supplies Dev. and Finishing. Main and 3d St.

CHARGED WITH BRIBERY.

Minneapolis, Minn., Jan. 31.—W. F. Bechtel, former president of the Northwestern Life Insurance company, Elmer H. Dearth, former state insurance commissioner, were arraigned today on two new indictments charging bribery. Both pleaded not guilty.

A FAIR CHANCE

is all we ask in order to demonstrate the wonderful merit of Hostetter's Stomach Bitters in cases of Stomach, Liver or Bowel disorders. You'll be agreeably surprised and wonder why you suffered so long when the medicine to cure you was within reach.

HOSTETTER'S
STOMACH BITTERS

is the only medicine you need to cure Poor Appetite, Flatulency, Heartburn, Indigestion, Dyspepsia, Chills, Colds, Grippe, Costiveness or Biliousness.

TOO LATE?

all the Nourishment out of Baby's Natural Food.

Larger children cannot always be watched, and will eat unreasonably. The Ready Remedy should ever be at hand—Cascarets—to take care of the trouble when it comes.

No need to Force or Bribe children to take Cascarets. They are always more than ready to eat the sweet little bit of Candy.

Repulsive medicine forced on the little ones does more harm than good.

MAMA! Don't be frightened—but be warned!

Every Mother knows, or should know, that the terrible Mortality among little children is caused by Stomach and Bowel troubles. Colic, Sour Curd, Cholera Infantum, Summer Complaint, Measles, Rash, Scarlet Fever—even Mumps—have their first cause in constipation.

The Delicate Tissues of a Baby's Bowels will not stand rough treatment. Salts are too violent, and Castor Oil will only grease the passages, but will not make and keep them Clean, Healthy and Strong.

There is no other medicine as safe for a child as Cascarets, the fragrant Little Candy Tablet, that has saved thousands of families from unhappiness.

The Nursing Mother even in good health should always keep her own Bowels Loose, and her Milk Mildly Purgative by taking a Cascaret at night before going to bed.

No other medicine has this remarkable and valuable quality. Mama takes the Cascaret, Baby gets the Benefit. Cascarets act like strengthening Exercise on the weak little bowels of the growing babe, and make them better able to get

FREE TO OUR FRIENDS! We want to send to our friends a beautiful French-designed, GOLD-PLATED BONBON BOX, hard-enamelled in colors. It is a beauty for the dressing table. Ten cents in stamps is asked as a measure of good faith and to cover cost of Cascarets, with which this dainty trinket is loaded. Send to-day, mentioning this paper. Address Sterling Remedy Company, Chicago or New York.
